Parent and Family Engagement Plan

2022-23

Richey Elementary is 100% committed to our students, their extended families, and the surrounding community. We strive to meaningfully engage families in their children's education through personal communication, special learning programs, and fun extra-curricular activities.

Parent Involvement Policy Development

RES has an active School Advisory Council (SAC) which is comprised of parents, teachers, school-related personnel, school administrators, district liaison, and business/community members. Through these monthly meetings, the SAC carefully monitors our school success plan goals, strategies for improvement, and elicit feedback on important school initiatives. Each year, we develop a Parent and Family Engagement Plan with input from our stakeholders.

Title I Meeting for Parents/Guardians

Each year RES hosts an Annual Title I Meeting in conjunction with Open House for all families at the beginning of the school year. Parents are notified of the meeting through our school website, Facebook, Twitter, Instagram, School Messenger, school calendar, and the student planners. Parents are informed of the school's participation in the Title I program and provided with information about Title I services. Parents are provided copies of the Parental Involvement Plan and are informed of their right to be involved in their child's education. Parents will be invited and encouraged to attend monthly SAC meetings to offer suggestions and participate in decisions related to the education of their children. All parents will be provided access to information on school performance data and assistance interpreting their child's individual results. They will be provided a description and explanation of the curriculum and standards used at the school, the forms of assessment used to measure student progress, and the proficient levels students are expected to meet.

Parent Involvement Opportunities

RES will foster parent involvement by providing materials and trainings to help parents work with their children to improve their children's academic achievement and activities that will teach parents how to help their children at home. The parent workshops and training sessions will be ongoing at the school, held at flexible times for parent convenience and all parents will be encouraged to attend. Other parent involvement opportunities include:

- Annual Title I Meeting;
- Recognition Ceremonies;
- School Advisory Council;
- Parent/Teacher Conferences;
- Parents contribute to their child's education by providing a supportive home environment.
- Parents are encouraged to complete school surveys, which help determine school needs and offerings.
- All parents are encouraged to apply with the District School Board of Pasco County to become approved volunteers. Richey values their volunteers.
- A school/parent compact that outlines how parents and the school staff will share the responsibility for improved student achievement will be developed jointly with parents

This written Parent Involvement Plan shall be distributed to all parents of students at RES in an understandable format and in a language parents can understand. It has been placed on the school website making it available to the local community. This plan has been periodically updated to meet the changing needs of parents and the school. If the plan is not satisfactory to parents, comments may be submitted in writing. The staff will actively work to resolve the concerns and respond appropriately.

In carrying out the parental involvement requirements of this plan, the district and school, to the extent practical, shall provide full opportunities for the participation of parents with children with limited English proficiency, parents with children with disabilities, and parents of migratory children, including information and school reports in a format, and to the extent practical, in a language such parents can understand.

RES administration along with the SAC, will continually monitor the range and responsibilities of the Parent Involvement Plan. If the school-wide plan under section 1114(b)(2) is not satisfactory to the parents of participating children, the school will also submit the parents' comments on the plan that will be available to the local education agency.
